

NAVY PUT SECOND IN FOOTBALL POLL

Lifted From Fourth Place After Showing Against Michigan —Army Remains No. 1

Navy's sparkling performance against the improved Michigan Wolverines Saturday so impressed the nation's sports experts that the midshipmen were lifted back into second place in The Associated Press' weekly football rating poll.

Dropped back to fourth after their dismal showing against Notre Dame on Nov. 3, the middies bounced back on the strength of their 33-7 walloping of the Big Ten team in a game in which they finally demonstrated their real power.

Army, of course, still ranked as the No. 1 team. The cadets collected ninety-one of the 105 first-place ballots and accumulated a 1,036-point total. Navy received five top nominations and 879 points.

Columbia Out of First Ten

The cadets' 48-0 rout of Notre Dame dropped the Irish back into seventh, as Alabama maintained its third position and Indiana zoomed into fourth as the result of its 49-0 massacre of Minnesota.

St. Mary's all-winning Gaels held onto fifth place as Pennsylvania advanced into sixth from its ninth rating of a week ago. Oklahoma A. & M.'s unbeaten and untied Aggies were eighth, behind Notre Dame, with Ohio State ninth and Holy Cross tenth. Columbia, which lost its first game of the campaign to Pennsylvania Saturday, and Michigan were dropped from the ranking ten. Oklahoma A. & M. and Holy Cross replaced the Lions and the Wolverines.

The only game of the week which matches members of the top ten sends the all-conquering cadets against once-beaten Pennsylvania in Philadelphia's Franklin Field.
